NON O T C U D O R T N I

"Education is the passport for the future, for the future belongs to those who prepare for it today."
Malcolm X.

In this increasingly complex world, education is one of the most important investments in life. The mission of The Lord's Hands is to award laptops to promote human potential to BYU-Pathway Worldwide students in Africa.

Although we are not affiliated with BYU-Pathway Worldwide, we value its low-cost, flexible, online approach to higher education in over 150 countries.

Income inequality prevents many African BYU-Pathway students from owning a laptop, which is necessary to complete university-level courses and obtain their online degree. We address this problem by awarding laptops to exceptional BYU-Pathway students in need.

We are not experts, nor rich or famous, but we have a reverence for life and a desire to be 'the Lord's Hands' in helping these students achieve their dreams, and becoming self-reliant.

Please add greater meaning to your life today and join us in creating a better tomorrow!

The Board of Directors
The Lord's Hands

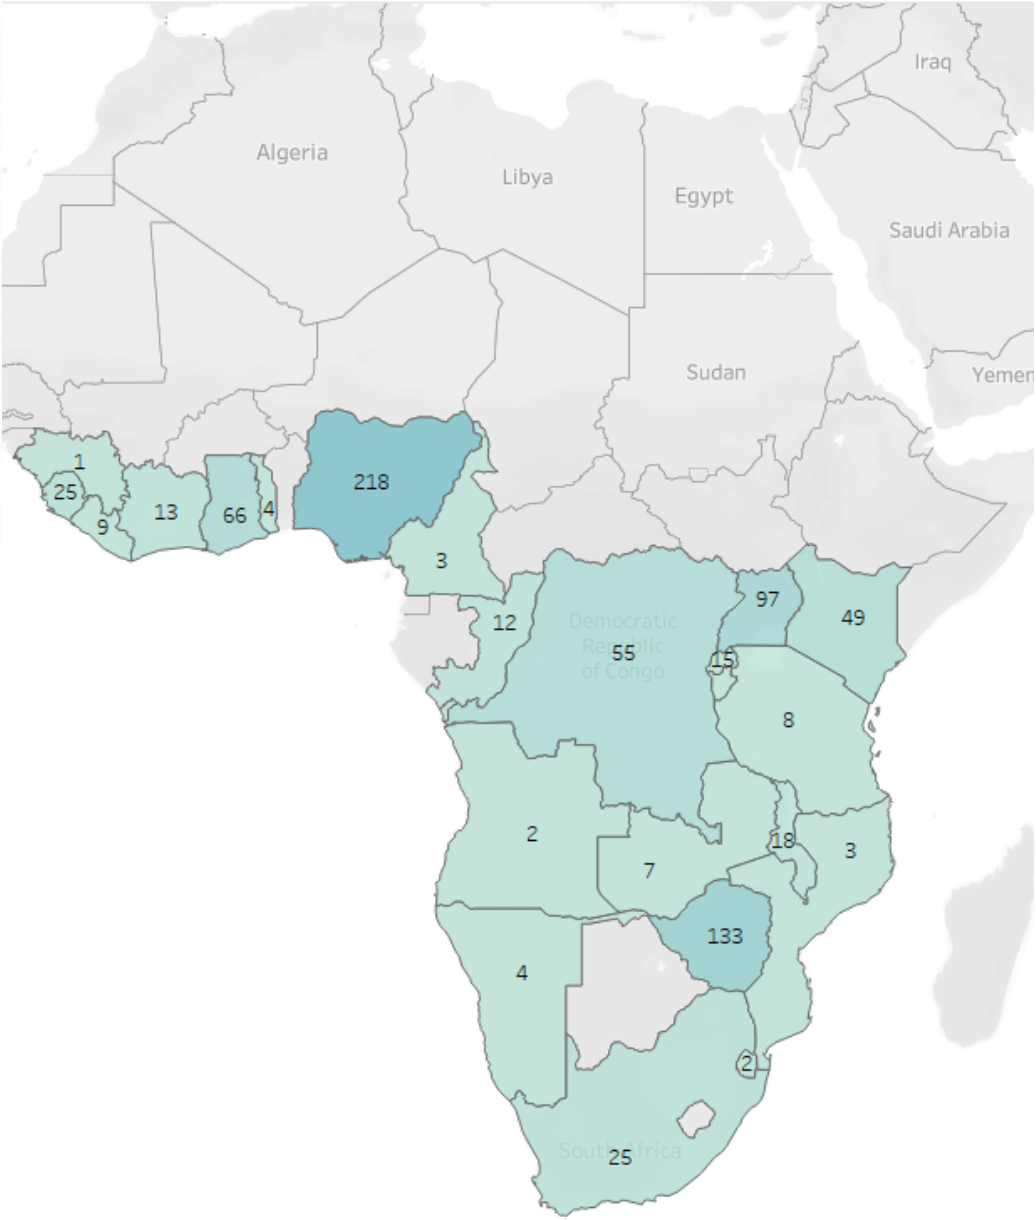

OUR MISSION

We seek to enlighten and empower African students to complete their higher education.

TO OUR DONORS AND VOLUNTEERS

To all our donors: You have appreciated the work we do, this is an opportunity for us to THANK YOU for your contributions. We could have not achieved what we have accomplished without your support. We look forward to continuing to work hand in hand to give hope to these deserving students.

TESTIMONIALS

I had always dreamed to study and graduate from a University in the USA. I never thought this would be possible when considering my financial situation. An unpredicted health issue happened to me in 2019. I had a serious stroke, that paralyzed me. It was very hard for me to go to school, or church building to do my assignments. When I heard about The Lord's Hands NGO programs, I prayed, and felt that I should apply. I burst into tears when I received a notification that I was selected among the recipients.

The Macbook I received was a response to my prayers. I'm full of hope, and confidence now that I can work from home at my own pace. I'm responding well to medication. I truly cherish my computer and I promised to use it to achieve my educational goals. You gave me the smile, and hope that I had lost. Thank you.

Robert Obito, Kenya - Nairobi

It was like a dream when I was first notified, and then called by a TLH representative, telling me : "Sister Benita, we now have your computer, please attend the hand over ceremony to pick it up". I couldn't believe that, but the following day when I attended the ceremony, I was offered a MacBook PRO Computer, and my dream was made a reality through The Lord's Hands Organization. My hope to pursue education was now certain and strengthened. Today, I own a computer, and I am helping others to enroll in BYU Pathway program despite their life circumstances by inviting them to do the best they can, and to trust the Lord because he promised that we will never walk alone.

Once again, I thank The Lord's Hands NGO, and express my love and gratitude to those around the world who are making sacrifices to sustain this organization with donations and grants. May GOD bless you and reward your generosity.

Benita Kamuleta Mbuyi DRC- Lubumbashi

I dropped all my BYU courses when my laptop stopped functioning suddenly. I felt all hope was gone because getting a new laptop was impossible in my situation, I decided not to continue my education in BYU Pathway connect again. Reading through WhatsApp messages from friends, I heard about The Lord's Hands NGO and their services to students in Africa. I decided to try, and to my amazement, I was selected and received a Macbook Pro from this organization. I'm happy that my learning conditions have improved drastically.

I'm happy that from time to time, I can share my computer with other colleagues who are running into the same issue I was. I know that God is aware of our situations. Thank you very much, to all those who have made this possible.

Dominic, Ghana - Accra

I'm so grateful for TLH for helping me become more productive in my online learning.

Before I got this scholarship, I owned a laptop that my friends and I called television. It only works when plugged directly to power source and where there were outages, I struggled a lot.

With the Lord's Hand computer, I registered for more courses and I'm also able to get my assignments turned in before due dates.

I have been giving back to my society by helping Youths and Young Single Adults register for BYU-Pathway and also serving as a Service Missionary. Thanks to TLH who made my dream a reality.

Omolola Christianah, Nigeria

PARTNERS

We would like to express our deepest gratitude to our partners. We can not express our effective and efficient operations are becoming thanks to our friendship and partnership. We look forward to continuing to impact lives.

THANK YOU!

From the bottom of our hearts, we express our gratitude to the students who have trusted us by going through our rigorous application process. Our gratitude goes to our partners, donors, and volunteers (Trusted Contacts & Others) who have given of their times and resources to this glorious work.

We believe in change, we believe in Africans and their potential to be successful and develop. Together we can!
